## Education History

- 2018 - Present    PhD Candidate in Computer Science, advised by Prof. Felix Heide  
Princeton University, Princeton, NJ
- 2014 - 2018      Sc.B. in Applied Mathematics, with Honor, *Magna Cum Laude*  
Brown University, Providence, RI

## Academic Honors

- 2018              **Recipient of Rohn Truell Prize**  
Annual award to the most outstanding member of the graduating class concentrating in Applied Mathematics at Brown University

## Research Interests:

My research interests are in machine learning for computational photography and computer vision. I am currently working on developing specialized flat optics, such as diffractive optical elements (DOEs) and metalens, with end-to-end optimization methods for downstream vision tasks.
